About Sources Foundation

Founded in 1992, Sources Foundation is a not-for-profit organization that works with the community to raise funds.

Our fundraising efforts, bequests and corporate and individual donations help us support the work Sources Community Resources Society does in the community through its various programs and services.

Message from the Chair

Marlyn Graziano
Board Chair

Sources Foundation

On behalf of my colleagues on the Sources Foundation Board of Directors, I am honoured to express our profound gratitude to everyone who has so generously supported the vital work that Sources does across our province.

Our goal is for no one to slip through the cracks and to provide available support within the communities we serve. Our dream is that the help we provide today plants a seed that continues to grow in the future. We want to make a difference for this generation and each generation to come.

But we cannot do that alone. It is only through the strength of our relationships with caring and compassionate sponsors, donors and community members that we can fulfill our mission and achieve our vision. Your connection to Sources is essential to ensuring we can respond to the needs of people in the communities we serve.

You show up in so many ways: Participating in our Coldest Night of the Year event to help us serve people who are experiencing hurt, hunger and homelessness. Supporting In Her Shoes, our charity fashion show that raises money for Women's Place and the programs it offers to women and children. Sponsoring and attending our annual signature event, Rock Around the Clock, which raised an incredible \$605,000 to successfully kick off our capital campaign for Foundry in South Surrey/White Rock. Because of you, we were able to secure a fantastic location for the project and have since began renovations.

A connected community is a stronger community. Thank you for your ongoing commitment to Sources and the people we serve.

Finally, I am delighted to welcome Courtney Robichaud and Hanne Madsen to the Board, and extend my heartfelt thanks to Grace Chiu for her years of dedicated service, particularly in her leadership as Co-Chair for our signature events.

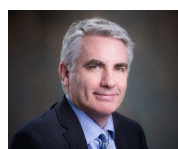

Much gratitude,
Marlyn Graziano
